

VIKING IGNIS WTR

The new VIKING IGNIS WTR is a practical multi-purpose suit for technical rescue with an optional removable liner for wildland firefighting.

The removable Gore® Crosstech® Flameliner moisture barrier is highly breathable and water resistant. The 3M® FR Comfort Trim and contour piping provide good visibility.

Snap into action

This is one suit that is fit for purpose - our modular layer system allows you to snap in a GORE® Flameliner moisture barrier to the outer shell when you need it for technical rescue EN ISO 11612 or without moisture barrier for wildland firefighting EN ISO 15384 protection.

Designed for constant wear, changing temperatures and changing work environments, it has all the features you expect from VIKING for comfortable, durable protection.

Approved according to current wildland firefighting and technical rescue standard.
